Wattwise Solutions LLC

Portable Gas Chromatograph Mass Spectrometer

WW-PRT-004

A portable gas chromatography mass spectrometry instrument for field analysis of organic pollutants. The catalog describes qualitative and quantitative testing of volatile and semi volatile compounds in air, water and soil. The instrument can be carried to a sampling location or incorporated into a mobile monitoring vehicle.

Applications

• Field VOC analysis

• Water and soil investigations

• Mobile monitoring

Technical data

Measurement method	GC-MS
Measured parameters	VOC, SVOC
Weight	<19 kg
Dimensions	440 × 420 × 260 mm
Power supply	220 V AC ±10%; 30 V DC

Specifications vary with model and configuration. Contact Wattwise to confirm suitability, measurement ranges and available options for your project.
