Wattwise Solutions LLC

Integrated multiparameter water sonde

WW-WAT-102

An integrated instrument that accepts up to six water quality sensors in one compact assembly. It recognizes connected sensors, supports parameter adjustment and calibration without disassembly, and includes a removable cleaning brush. Internal temperature and humidity monitoring helps detect water ingress or abnormal supply voltage.

Applications

- Groundwater monitoring
- Uncrewed survey boats

Technical data

Interface	RS485 / Modbus
Power supply	24 VDC / 2.1 W
Operating temperature	0–50 °C
Protection rating	IP68
Dimensions	Ø70 × 280 mm
Weight	1.5 kg

Specifications vary with model and configuration. Contact Wattwise to confirm suitability, measurement ranges and available options for your project.
